OR040M

100% Polyester Knitted Softshell Outer Layer

Bonded Microfleece Inner Layer

315g/m<sup>2</sup>

Pack 1

Carton 12

Marketing

description (short)

Russell's Smart Softshells are smart looking, bonded 2-layer softshells - softshells WITHOUT a membrane, providing a higher degree of breathability.

Marketing

description (long)

Our smart softshells give you the comfort and breathability of a fleece with the chill protection and smart appearance of traditional softshell. A Teflon-branded water repellent finish even provides protection against drizzle and a wipe-clean finish. With their high level of breathability, our 2-layer SmartShells keep the wearer warm when they're not moving, and dry when they're physically active. They're perfect for anyone who works indoors or in semi-sheltered areas - where they offer protection against wind and chill.

Decorator
