

## MISTRAL FFP2 ACTIVATED CARBON RESPIRATOR

Product code: RP057

### Description:

Single use, high efficiency, activated carbon dust, mist and weld fume disposable mask with valve for increased breathing efficiency and to reduce heat build up inside the mask. Two latex free headbands. Soft nose bridge with externally fitted nose adjustment allowing a comfortable and efficient seal.

FFP2 for protection against non-toxic, low to average toxicity solid and liquid aerosols such as oil mists, and weld fume. Concentrations up to 12.5 x Occupational Exposure Limit (OEL)

### Features:

Latex free headbands  
Single use for efficiency and hygiene  
Valve avoids build up of heat inside mask

Activated carbon for additional protection from weld fume

### Technical Data:

Conforms to EN149: FFP2: 2001 + A1: 2009
