RP118 3M VERSAFLO POWERED AIR STARTER KIT TR-619E

DESCRIPTION

• Simple starter kit with all the component parts to get you up and running. Simply add the headtop required Easy to use, versatile respiratory protection against dusts, mists, fumes and organic vapours Kit includes Turbo Unit TR-602E, A2P filter, filter cover, pre-filters, spark arrestors, easy clean belt, high capacity battery, single station battery charger kit, BT-30 length adjusting breathing tube and airflow indicator. For a simple and intuitive starter kit that has many of the component parts you need for a powered air system for respiratory protection use 3M™ Versaflo™ Powered Air Turbo Starter Kit, TR-619E. It offers respiratory protection against dusts, mists, fumes and organic vapours. Our starter kit combines functionality and versatility, offering protection against particles, gases and vapours, or a combination of these depending on the types of filters used. The TR-602E Turbo features three user selectable flow rates and has a lightweight and balanced design to maximise user comfort. The kit includes an A2P filter and filter cover, ten prefilters, two spark arrestors, BT-30 length adjusting breathing tube and an easy clean waistbelt. A high capacity battery and single station battery charger kit ensures you can plan for a long working day, and an airflow indicator features visual, vibratory and audible warning alarms to alert users to low airflow and battery status. Simply add the compatible headtop you need for the job.
