FUTURE GARMENTS / EUROX safety and workwear solutions	**QUALITY POLICY STATEMENT**	Document:	QPS-01
		Issue:	5
		Date:	14/04/2026
		Page:	1 of 1

At Future Garments Ltd, we provide our customers with high-quality products and services that meet or exceed their expectations. We strive to achieve excellence in customer service through a culture of continuous improvement and adherence to the requirements of EN ISO 9001:2015. We supply and distribute of PPE, safety equipment and workwear, including warehousing, logistics and customer support activities.

Future Garments Ltd is committed to delivering products and services that consistently meet customer and regulatory requirements.

We will:
•Ensure customer requirements are clearly defined and reviewed
•Maintain effective supplier evaluation and control
•Provide competent personnel and necessary resources
•Monitor performance through objectives and KPIs
•Continually improve the effectiveness of the IMS
This policy is communicated, understood, and reviewed annually.

Our senior management team is committed to providing the resources necessary to maintain and improve our quality management system, and we seek independent verification of our ability to meet the standards set out in EN ISO 9001:2015 through third-party audits. All employees of Future Garments Ltd are expected to comply with this policy and all related procedures and documents, which are mandatory. We will regularly communicate this policy to all employees and include it in our induction program for new employees. We are dedicated to ensuring that our quality policy remains effective and will review it regularly for continuing suitability during our management review meetings. This policy will be displayed throughout the company, demonstrating our commitment to providing high-quality products and services to our customers.

The Company considers its Impact on Climate Change & puts in controls to mitigate the negative impact the Company may have to the Climate.
